

PES 2013 CLASSIC PATCH Back To The Finals 13.2

DOWNLOAD

The screenshot displays the FonePaw Datenrettung software interface. At the top, the title bar reads "FonePaw Datenrettung" and includes standard window controls. The main window contains the instruction "Выберите тип и расположение потерянных данных для сканирования." (Select the type and location of lost data for scanning). A checkbox "Выбрать все типы файлов" (Select all file types) is checked. Below this, there are six categories of files with checkboxes: "Изображения" (Images), "Музыка" (Music), "Видео" (Video), "Документы" (Documents), "Ссылки" (Links), and "Другие" (Others). The "Жесткий диск (5)" (Hard disk) section shows three drives: "Windows 7 ssd (C:)" with 93.1 GB/111 GB, "Диск (G:)" with 9 GB, and "Data (M:)" with 449 GB/465 GB. The "Съемные диски (0)" (Removable disks) section is empty. A "Корзина" (Recycle bin) icon is visible at the bottom left. A large teal button labeled "Сканирование" (Scanning) is located at the bottom right. A modal dialog box titled "Проверка обновлений" (Check for updates) is overlaid in the center, displaying the message "FonePaw Datenrettung уже обновлена." (FonePaw Datenrettung is already updated) and an "ОК" button.

DOWNLOAD
