I have a div with the text already inside it. I'd like to make it so that it is positioned absolutely over the top of my page, and I can scroll underneath the div. It seems like it should be an easy fix, but I'm having no luck. Here is the markup I have so far: List of Exams And here is the CSS: .title { padding-left:10px; color:#ff4400; position:absolute; font-size:30px; font-weight:bold; } I'm basically trying to put a navigation bar on top of the page that remains fixed in position while scrolling. A: You can use position:fixed with a static width. This is the code
