Q: Can't take full screen screenshots in Xcode I'm trying to take full-screen screenshots in my iPhone app using this: UIGraphicsBeginImageContext(CGSizeMake(320, 480)); [self.view.layer renderInContext:UIGraphicsGetCurrentContext()]; UIImage *viewImage = UIGraphicsGetImageFromCurrentImageContext(); UIGraphicsEndImageContext(); I don't see anything in the screenshot. A: Have you tried doing this? [self.view.layer renderInContext:UIGraphicsGetCurrentContext()]; It may be that you can't take screenshots of arbitrary parts of the screen. Also, you can only take screenshots of UIView subclasses. You probably want to take a screenshot of the screen.
