

In addition to what people have been complaining about: not being able to un-install the installed programs, the License key is installed as well. The installer is a .bat file, the files on the disk are marked as being sent through Bit Torrent. We don't know if the person that sent it to us did so because he/she didn't want others to get it. It was sent through e-mail. Hi I have a windows loader v1.7.7 and I want to update to v1.8 and when I try to upgrade it the windows installer error : cant find daz loader.exe please help bit torrent link : you can download the Daz loader v1.7.7 from the link, here the post Hi, I'm downloading windows 7 loader v1.7.7 Bit torrent link Thanks. M.C. Sept 7, 2015 I hope to get it from you, because it works for me. ba24e880a
