For most, it’s a brute force type of monster that has no fear. It’s a force of nature that takes down lesser opponents with a weight and power that is in this day and age unmatched. We should applaud the plays made by a player like this, but at the same time, we should also question what has to happen to get an offensive lineman to become that type of player. This post isn’t about B.J. Raji, the lumbering giant that just found a home in Green Bay. This post isn’t about an offensive lineman that possesses incredible strength and power, but lacks quickness. This is about a different kind of power, one that is old-fashioned in its own way. A power that is unlike the modern day game, but no less impressive. It’s a power that dates back to the 50’s and 60’s, a power that is being revived and is finding a home in the NFL again. That power is called power blocking. Power blocking wasn’t the norm for offensive linemen in the 50’s and 60’s. It took time to learn and take the position to 2d92ce491b
