Download

use the keyboard component to create a password. your objective is to guess the magic ball's prediction. you will not be able to guess the magic ball's prediction unless you have selected that as the password value. drink your medicine! can you pass the test? choose the correct time to eat, and watch what happens! the more accurately you estimate how much time remains, the better your chances are of avoiding a penalty. you must guess within the accuracy limit, which varies according to time remaining. the penalty for guessing incorrectly increases as the time becomes shorter. ready, aim, jump! it's a simple game of darts, but there is something special about this game in progress app. you'll see a dart on the board that moves around the board in a random fashion. all you have to do is aim at the dart and release the button as fast as you can to score points. not only are there different coloured columns and banners to mark, the game loads a different dart graphic every 5 seconds, making it

more and more difficult. save the princess! you are the young hero of a story book who happens to be captured by a monster. your goal is to find the princess and bring her home safely. in your search for the princess you'll encounter an entire town full of unique and challenging challenges. the whole story is saved in the form of pictures that your character can see on the computer screen. the number of pages is also saved and can be set to display an over view of your whole adventure. that's just one part of the story. tap through the app's screens to view different elements of the story at your leisure and see what happens in an interesting manner. note: you need to use a computer to run this app.
